WALTHAM WATCHES.

THE EXTENSIVE USE OF THESE WATCHES for the last fifteen years by Railway Conductors, Engineers, and Expressmen, the most exacting of watch-wearers, has thoroughly demonstrated the strength, steadiness, durability and accuracy of the Waltham Watch. To satisfy that class in all these respects, is to decide the question as to the real value of these timekeepers.

More than 450,000 of these watches are now speaking for themselves in the pockets of the people—a proof and a guarantee of their superiority over all others.

The superior organization and great extent of the Company's Works at Waltham, enable them to produce watches at a price which renders competition futile, and those who buy any other watch, merely pay from 25to 50 per cent. more for their watches than is necessary.

We are now selling Waltham Watches at less prices in greenbacks, than the gold prices before the war. There is no other manufacture of any kind in the United States of which this can be said.

These time-pieces combine every improvement that a long experience has proved of real practical use. Having had the refusal of nearly every invention in watchmaking originating in this country or in Europe, only those were finally adopted which severe testing by the most skillful artisans in our works, and long use on the part of the public demonstrated to be essential to correct and enduring time-keeping.

Among the many improvements we would particularize :

The invention and use of a centre-pinion of peculiar construction, to prevent damage to the train by the breakage of main springs, is original with the American Watch Company, who, having had the refusal of all other contrivances, adopted Fogg's Patent pinion as being the best and faultless.

Hardened and tempered hair springs, now universally admitted by watchmakers to be the best, are used in all grades of Waltham Watches.

All Waltham Watches have dust-proof caps, protecting the movement from dust and lessening the necessity of the frequent cleaning necessary in other watches.

Our new patent stem-winder, or keyless watch, is already a decided success and a great improvement on any stem-winding watch in the American market, and by far the cheapest watch of its quality now offered to the public. To those living in portions of the United States where watchmakers do not abound, watches with the above mention d improvements which tend to insure accuracy, cleanliness, durability and convenience, must prove invaluable.

Every watch guaranteed by the Company.

To prevent imposition, buyers should see that every watch should bear either of the following trade marks:

American Watch Co.,	Waltham, Mass.
Ama. Watch Co.	Waltham, Mass.
American Watch Co.,	
Crescent St.,	Waltham, Mass.
Appleton, Tracy & Co.,	Waltham, Mass

For sale at retail by all respectable dealers.

KIRK IN THE MOUNTAINS.

The condemnation of Gov. Holden for sending Kirk and his armed militia into the peaceable mountain districts, seems to be almost universal. We hear, however, of one notable exception, in the person of the editor of the *Pioneer*.

This man was recently Ku Kluxed by a Mr. Smith, who belongs to the F. R. Ps., (first Radical families) of the State—himself a Radical.

The editor of the *Pioneer* is in the City, (some say on a courting expedition) and talking as if his life is not safe in the great State of Buncombe!

Per contra, Col. Ames writes to a friend in this City that peace and quiet reigns in the mountains, and that Kirk's coming among the people with armed men is regretted and condemned by all who love peace and good government.

Col. Ames is a carpet-bagger, and represented Lenoir county in the lower house of the last General Assembly. He is now a contractor on the Western N. C. Railroad.

Judge Henry and Col. Bynum, both Western Republicans, do not measure their words in condemning the Governor's Kirk-military movement. "Let us have peace."

BLADEN COUNTY.—Robert H. Lyon, Esq., is the Conservative candidate for the House of Representatives for Bladen county. His opponent is Adjutant General A. W. Fisher, who has been boarding here in Raleigh for the last year or more, sucking at the public teat, and no one knowing what he did in return, except to spend $500 of the people's money on a visit to Vermont.

They must be hard run for Republican candidates in Bladen, or they would not withdraw the Adjutant General of the State from his post of duty in Raleigh, during these stirring military times, to run him for the House of Representatives.—And, besides that, have the Rads nobody in Bladen who wants the honors and emoluments? Is there nobody there they can trust? Must Fisher, who has already one fat office, be sent all the way to Bladen to run for another?

This Radical thirst for office is insatiable. We are sure that, if there had been carpet baggers in the dominions of Solomon, at the time he wrote the Proverbs, he would have said there were *four*, instead of *three* things which never cry "it is enough," the fourth being carpet baggers after office.

Are the colored people of Bladen willing to be forever "snowed under," to make way for carpet baggers—especially for a carpet bagger who already holds one fat office?

ROUND TO DECEIVE.—The new recruits of Gov. Holden's standing army are promised "the same pay and allowance as regular troops of the United States." From the published "pay per month," we see they even deceive their recruits in this respect. For instance, "first sergeant of a company, $20," whereas in the Federal army it is $24. "Other sergeants each, $17." In the Federal army $22. "Corporals, $13." In the Federal service it is $20. "Musicians $12. In the Federal army $13. "Privates, $13." In the Federal army it is $16. So we are informed by one who professes to know. Some of their recruits will find them a little worse deceived than that, however, before their campaign is over.

So strong their proclivity to deception that "they would deceive, the very elect, if it were possible."

Holden's recruiting officer in Winston is getting on finely. Up to this writing he has had one white application.

OUR COURSE.

Neither the SENTINEL nor the party with which it acts, has ever approved of secret political associations of any kind. They have never advocated lawlessness and crime, by whomsoever committed. They have insisted that the law shall, in all cases, be honestly and faithfully administered. They have affirmed from the first, that however strong the love of peace and reverence for law and order might be among the people, that the existence of the "loyal" or "Union" Leagues among us, and the repeated violations of law by the members of that secret, mischievous political organization, would create other law breakers in retaliation, especially, after the failure of the judicial and executive Departments to execute the laws against the Leaguemen when convicted of crime or otherwise, or when they have connived at, or protected, or pardoned improperly, members of the League, as has often been done under the Holden administration.

We charge Gov. Holden and his policy and his partisan abettors, with the responsibility, and meriting due punishment, for all the crime committed in this State since he came into power. Never were a people more disposed to be peaceable, quiescent, and to bear the untoward ills forced upon them by an adverse government than were the people of North Carolina when Holden came into power. His whole course towards them, instead of conciliation and ordinary kindness, has been a continual repetition of irritation, oppression, waste, extravagance and degradation.

What has been the offense of the SENTINEL and its supporters? When a Leagueman has been charged and convicted of rape, barn burning, house-burning, burglary, theft and murder, or when unknown parties have committed lawlessness and outrage upon any one, white or black, the SENTINEL has alike condemned the acts of both and insisted on the execution of the law in all cases and on all alike. Holden and his organ on the other hand have declared for blood when acts of violence have been committed by unknown parties, but have invariably been silent or apologetic about the crimes of the Leaguemen, and protected them in their villainy.

Now, fellow-citizens, every honest man in the State knows that what we affirm is true. You know, and Holden and his abettors know, that the Conservative and Democratic party of North Carolina, does not sanction lawlessness. You know that we have been and are to preserve the peace and quiet of the State. These we have been ready to promote at the sacrifice of everything but honor and principle. But this is not enough for Holden. He is an Ishmaelite. He must be sure that he has you under his control—under his foot—to use as he pleases, or he is against you.

We have been outspoken against crime; against the corruption, cheating and robberies of the Holden administration and its abettors, but in all that we have said, we have only told the plain truth; in strong language, perhaps, but still the *truth*. Our task has hurt the gilded jades and they have wheeled and have hurled their venom at us. We have intended to hurt, whenever we could make a cap to fit, and it is still our purpose to hurt every scoundrel who cannot bear the truth and the whole truth. We have called things by their right names, and have not minced our words. We have been severe, bitter and denunciatory, but has not the case called for it? Could we have been a true son of North Carolina, and talked softly and hypocritically about such men and their crimes? Certainly not.

SUPREME COURT.

FRIDAY, July 8.

The following cases were argued to-wit:

Jesse Rankin, guardian vs. R. M. Allison, *et al.*, from Caldwell county. Counsel for plaintiff, Mr. Fuck, and for defendant, W. P. Caldwell, Esq.

Sarah G. Waddell vs. T. S. Wood and D. B. Wood, administrator, from Iredell county. Counsel for plaintiff, Mr. Furches, and for defendant, Messrs. Boyden and Bailey.

John A. Parks vs. Obadiah Sprinkle and wife, from Catawba county. Counsel for plaintiff, Messrs. W. P. Caldwell and F. H. Bumbs, and for defendant, Messrs. Furches and Boyden.

J. M. Mode vs. A. M. Long, from Rutherford county. Counsel for plaintiff, W. P. Bynum, Esq., and for defendant, Messrs. Battle & Sons.

S. & T. Parker vs. Jane Carson, administratrix, of J. N. Carson, from Rutherford county. Counsel for plaintiff, W. P. Bynum, Esq., and for defendant Messrs. Battle & Sons.

In the Radical Convention, held at Lumberton last Monday, it was publicly declared that the success of the county ticket depended upon the COLONEL OF MILITIA in that District. That if one Howell (the recently appointed militia Colonel for that District) should be nominated for Sheriff, he would secure the election of the whole ticket by the aid of the militia, but if he was thrown overboard the ticket could not secure that aid and must be defeated.

PERSON COUNTY.—The County Conservative Convention of Person, which met last week, at Roxboro', nominated W. A. Bradsher, Esq., for the Senate and Henry T. Jordan, Esq., for the House of Representatives. This is an excellent ticket, and will go through.

A young man by the name of Sinclair, residing in the southern part of Guilford county, was struck and instantly killed by lightning on Sunday last.

Rev. George W. Doub, of the North Carolina Conference, father of Rev. C. F. Deems, D. D., died in Baltimore, on the 30th June, in the 84th year of his age.

C. C. Gore, Esq., is the Conservative nominee for the House of Representatives in Columbus county.

GOV. HOLDEN'S SYSTEM.

The system upon which Gov. Holden has administered his Government is thought, by some, to be new. This is a mistake.—It is only new and unpracticed in North Carolina. The system itself is as old as the employment of spies and bribes, and the perpetration of frauds and peculations. The groundwork of Holden's system is that which is "the root of all evil," *avarice*.

From this root have sprung forth all the other evils that have afflicted the State under his administration.

At first the corruption of his administration manifested itself in bribes of office and place, and the giving these to such as would promise him support and aid, and was systematically conducted. He had his agents and go-betweens, who made their approaches to the person designed to be purchased, cautiously and secretly, always keeping himself out of sight until the bargain was closed.

How is it accounted for, that until Holden's administration there was never a suspicion of pecuniary corruption breathed against any one holding high official position in the State? It was the peculiar glory of our Judiciary that no taint had ever attached to their ermine; and what was true of the Judiciary was true of all the high officers of the State.

But how is it now? A Judge bribed and the money traced to his pockets. Another Judge suspected on very strong grounds, being in Wall street in company with the "Ring," trading in State bonds issued under influence of bribery of the Legislature. The Governor, himself, was in Wall street, at the time of this extraordinary "gathering of the clans."

We throw out of the count the charge of Hon. John T. Deweese, that the Governor received money for agreeing to the sale of the N. C. Railroad bonds. Deweese is not a creditable witness, although he was intimate with the Governor, and familiar with the bribery and corruption of his administration.

He has appointed to office men of notoriously evil character, and whose character was known to him when he appointed them. He has appointed murderers and felons as spies upon the conduct and conversations of his political adversaries.

His system of proscription has prostrated the University, and driven two hundred young men out of the State for their education, who would not be subjected to the control of such carpet baggers as Brewer and Martin.

The same system has destroyed the school fund and broken down the credit of the State.

The people will now discuss and pass upon the merits of his system. In order to prevent this, Kirk and his army are called into requisition to stifle inquiry, silence discussion, and, by intimidation, make false issues that shall smother up and hide the enormity of his administration. But we do not believe the scheme will succeed; it is too well understood.

IS IT NECESSARY FOR ALL TO REGISTER AGAIN?

To determine this, we have only to look at the law. Sec. 6, sec. 9 and sec. 9, we copy as bearing upon the question:

SECTION 6. Registrars shall be furnished with a registration book, and shall at all times, from the first Thursday in July 1870, to the first Thursday of August 1870, till the close of the polls on the last mentioned day, receive and register such qualified voters as may offer themselves for suffrage, taking care in each case to administer the oath provided by the second section of the sixth article of the Constitution to each voter. He shall receive a fee of three cents for each voter registered, to be paid out of the county Treasury.

SEC. 8. Every male person born in the United States, and any male person who has been naturalized, 21 years old or upward, who shall have resided in the State twelve months next preceding the election, and 30 days in the county in which he offers to vote, shall be deemed an elector, and shall be entitled to registration upon application.

SEC. 9. Except in cases provided for in section eleven of this act, no person shall be allowed to vote at an election unless his name shall be found upon the registration books of the precinct in which he offers to vote, unless he takes the following oath:

I ——, do solemnly swear (or affirm) that I will support the Constitution and laws of the United States and the Constitution and laws of North Carolina not inconsistent therewith, that I have been a resident of the State of North Carolina for twelve months, and in the county of —— for 30 days, and that I have neither registered or voted during this election in any other precinct.

Such persons having taken this oath shall thereupon be registered.

The act is entitled "an act concerning election and registration in the year 1870," it makes a pamphlet of 12 pages. The law as it stood before the passage of this act provided for the registration of every body. It it did not contemplate a new registration why was it not so declared.—One thing is certain that members voted for the act declaring it contemplated a new registration.

Some precincts and Townships have been recently established, the purposes of the law was that every man should register at the precinct where he expected to vote.—Where there is doubt, the safest rule is to register, though you may have done so before.

FREE SPEECH, INDEED!—We learn from a correspondent at Fayetteville, that a colored man, for making a Conservative speech at the District Convention in that place, was run out of the town by the Leaguers, on the "glorious" Fourth, with sticks, and brickbats. The Rads must have a standing army to secure to them the enjoyment of their rights, and assist them to prevent any body else from doing the same.

The Tarboro' *Southerner* promises to shortly produce the proof of its statements, that Kirk, did during the war, deliberately blow out the brains of a little boy who was at the time clinging to his knee begging for mercy.

Three colored prisoners made their escape from the Wilson jail on Wednesday night.

PUBLICATION OF THE LAWS.

MR. EDITOR: With no disposition to be querulous, but simply to call attention to a great inconvenience, I inquire for the reason of the delay in publishing the acts of the last General Assembly, and the journals of the two houses.

Section 18 of the Legislative article of the Constitution requires that the journals, "be printed and made public immediately after the adjournment of the General Assembly."

The act of 19th April 1869, (laws of 1868-'69, chap. 270, sec. 14) makes it the duty of the Secretary of state, "within thirty days after each session of the General Assembly," to cause to be published by the State Printer, all the laws and joint resolutions passed at each session. By subsequent sections of the same act, he is required to distribute the statutes and journals, as therein directed.

Since, by section 21 of said Act, "every statute shall take effect on the twentieth day after its final passage, unless a different time be prescribed therein," and in view of the numerous and radical changes now being made in our municipal law; it will be seen how important it is that the statutes, especially, should be published and distributed at the very earliest possible time after their enactment. No fault is found with the provisions of the law for their speedy publication; but some complaint must be indulged of the manner of its execution. As things now go, laws may be in force vitally affecting the rights, the liberties and the lives of citizens, of whose provisions the people, and even most of the lawyers—without neglect—are in total ignorance—except, perhaps, as to such meagre and indefinite knowledge as may be derived from the "Captions" published in the newspapers.

Let us know what the laws are, and we will try to obey them.

IGNORANTIA.

Provience, July 7th, 1870.

Billy Smith, one of Scott's and Ppillip's body guard in a speech made by him in Greensboro when Scott was nominated, told the negroes and others how they could tell a Conservative from a Republican. He said a Conservative could be told anywhere from the fact that their *breeches were patched*, and they were long tailed coats, to hide the patches,—while a Republican *gentleman* could be told from the fact that he wore a fine cloth coat and pants, and a beaver hat.

There is some truth in the remarks, but the boast comes with very bad taste from Mr. Smith.—It is true that the corruption and stealings and high salaries of the Republican *gentlemen*, alias office holders, enables them to dress in purple and fine linen, and to fare sumptuously every day, while, misfortunes, high taxes, &c., keep the masses of the people ground down in poverty, and after they pay out of their scant earnings money to support their families and for the *necessaries* of life and the taxes to enable these Republican *gentlemen* to dress in fine clothes, also, there is nothing left to many a one to invest in the adornment of even their wives and daughters, much less themselves, and poverty forces them to wear long tailed coats to hide their patches. Yes, Mr. Smith, the money that enables you and your fellow office holding Republican *gentlemen* to wear fine clothes, to live in fine houses, and set at heaping tables, with servants to serve you, is coined from the sweat of the brow of these very *patched breeches* men whom you are holding up to the scorn of the public, and laughing and jesting at their poverty. We know men, who before they became Republican office holding *gentlemen*, were patched breeches themselves, but now they live in fine houses and wear fine clothes. Who paid for these things!—*Western Sentinel.*

YACHTING AT THE PUBLIC EXPENSE.—The New York *Sun* is denouncing as an impudent swindle the sending of United State vessels to cruise in the Mediterranean during the summer. "It is nothing but yachting," says the editor, "and very mean and dishonest kind of yachting, at that," adding:

There is no business whatever for them there; they don't render the country a particle of service; neither our commerce nor our politics require a man-of-war in the whole stretch of that water.—But the Mediterranean is the handsomest, pleasantest, and safest yachting ground in the world and officers like Admiral Porter are fond of playing sailor there. But unlike the New York yachtmen, they make other people pay for their frolics. The country is taxed for these marine pleasure trips of the officer of the navy, and taxed heavily too.

We implore some strong Representative in Congress to address himself determinedly to the work of exterminating this national nuisance—the use of American men-of-war for yachting in the Mediterranean, and at the public expense.—It is now time that this impudent swindle had ceased.

Don't you remember what blessings were promised two years ago by Republicans, that we should have under reconstruction? Did not they tell us that we should have National Banks that would straw money over the country, and every poor man have his pockets full? Well, we've got the Banks. Is money plenty? Yes—lots of it can be had at 20 and 25 per cent. We used to borrow money from the Banks at 6 per cent. Now none but the rich are able to pay the enormous interest demanded.—Who says it is not so?—*Western Sentinel.*

Col. Kirk's arrival at Asheville, with a portion of his command, we are reliably informed, created a perfect storm of indignation, in which Republicans and Conservatives participated. We also learn that Gov. Holden's calling out the militia is denounced in unmeasured terms by Republican candidates west of the Ridge, as unjust, uncalled for, and unwise. The Radicals themselves admit that the result will be the election of the Conservative candidates by a largely increased majority.—*Vindicator.*

DON'T LIKE THE BEASTS.—A propos of the Farnsworth Butler row in the House, Dan Piatt says: "No beer garden, no cock pit, no whiskey saloon ever exhibited such a total disregard of the decencies of business or social intercourse. When Farnsworth called Butler a thief, which he did, Benjamin did not hurl a chair or an inkstand at the legislative head of the assailant, and, when Butler stigmatized Farnsworth as a cowardly assassin, the honorable Representative from the Sucker State wagged his long beard like a billygoat, but uttered no yell of wrath, nor made any movement looking to the chastisement of his opponent.

Just now, *a few weeks before the election*, the brandy distillers have been compelled relieved from the operations of the inquisitons law which crushed them. Do you see the point? The law itself has *not been repealed* the regulations based upon it have only been modified and can be changed back again by the Commissioner at any time. If we want to get rid of this radical law, we must all do what we can to get rid of the radical law makers. That is the only way to manage this thing.—*Peoples Press.*

YOUNG, HEALTHY, VIGOROUS AND CONDUCTED BY A WISE, PRUDENT, AND ECONOMICAL BOARD OF DIRECTORS UPON A

NEW SYSTEM,

devised by its talented and distinguished Actuary CHAS. N. MORGAN, which must make it the leading Company in America, for persons in

MODERATE CIRCUMSTANCES,

and all who appreciate and demand the most UNQUESTIONABLE SECURITY, at rates in most cases, some *decidedly lower* than those of the leading Mutual Cash Companies.

The Exceeding Issues Policies on all the plans of Mutual or Stock Companies, extending to policy holders, all the really desirable advantages. Its policies being *non-forfeiting*, the insured are privileged to live *and travel* where they please in any healthy part of the world, they participate in its profits, are allowed 30 days grace for payment of renewal of premium, a cash surrender value of policy, *and a privilege* which has never been offered by any other Company, that of converting Policies into

ANNUITY BONDS,

after the payment of 5 or more annual premiums.

Hitherto, I have been restricted in the very popular Company which I had the honor to represent to *Stock rates alone*, which most of the *Mutual*, and mixed Companies have adopted. This disadvantage, together with the multiplication of many new Companies, in this state who claimed to possess unusual charms, together with the extraordinary inducements presented by the Excelsior induced me to accept the management of that Company, whose plan combines all the popular features of other Companies, represented in this state, without an exception, and the additional privilege of converting policies, which the holder can not afford to keep up, or wishes to discontinue because of the death of those for whose benefit the policy was secured, into an *Annuity Bond* which provides an income *in cash through life, or for a series of years as preferred.*

Circulars giving full explanations and any other information will be cheerfully furnished.

The most liberal arrangements, will be made with first class solicitors, to push the EXCELSIOR forward in the Old North State, to that position which her low rates and most ample security entitle her to occupy.

AUCTION at the Yarborough House to-night at 8½ o'clock, with a large variety of useful articles to be offered.

DR. J. L. W. CURRY.—We understand that Rev. J. L. W. Curry, L. L. D., of Richmond, Va., has accepted an invitation to preach a sermon before the young men's City mission of the Baptist Church of this city, at no distant day and that when he visits Raleigh he will deliver his address on "the education the South needs," which was so much admired by Gen. Lee, Mr. Peabody and many other distinguished men who heard it at the White Sulphur Springs last Summer. Dr. Curry was a member of the U. S. and also of the Confederate Congress, and is one of the most distinguished orators of America.

SOMEBODY HAS BEEN ROBBED.—The same colored boy that "found" the knife, noticed by us yesterday, has been trying to sell, today, a gold pen, which he says he "found," also. The pen is in the possession of Mr. Moss, the policeman, for identification, and the boy is in the guard house.

ROBBERY OF FREIGHT.—Some twenty persons, white and colored, have been arrested in the neighborhood of Gaston and Weldon, on a bench warrant from Judge Watts, charged with frequent robberies of freight cars on the R. & G. Railroad. The notorious John Everett, Gov. Holden's J. P., who once came to Raleigh and got a Company of militia to guard him and see him have justice, is implicated in the charge, but he has so far eluded the officers.

The examination of those caught is going on to day, at Franklinton before Judge Watts. We shall perhaps have full particulars by Monday.

STICK FAST.—Mr. Fuller, the Italian Cement seller, requests us to say that he shall remain in Raleigh only a few days longer, for the sake of his fast sticking cement. This article has been tried by a number of persons in the city and proved satisfactory. It does not melt in hot water.

ANNUAL CIRCULAR.—We have received the 63rd annual circular of the School of Medicine, of the university of Maryland, session 1870-'71, embracing a catalogue of matriculates and graduates of the session of 1869-'70.

Biggs of the *Southerner* and Hearne of the *Carolinian* coming to the conclusion that only "dogs delight to bark and fight," have made up their "little onpleasantness." Their heads are level.

Capt. L. H. Belden, for a number of years a Conductor on the W. C. and A. R. R., has resigned his position on that Road to engage in business in Charleston, S. C.

Capt. J. J. Evans succeeds Mr. Belden.

In Tarboro, on last Sunday, Samuel Brent fired upon Wm. Williams with a pistol and dangerously wounded him. Both of the parties were colored men.

On Monday last, a colored boy, name unknown, was drowned in the Cape Fear River at Hilton.

A. J. Cowles, Esq. is the Conservative nominee for the Senate in the district composed of the counties of Surry and Yadkin.

Randall Powell, a colored man employed on the farm of J. H. Powell, in Edgecombe county was drowned on Sunday last while bathing in the river.

"OLD AND NEW," is the title of a magazine published at Boston, Mass., and edited by one of the most prominent Unitarian Clergymen in our country. It stands in the foremost rank of progress in all matters of Religion, Science, Literature, Politics and Patriotism. A writer in the number for June 1870, thus concludes a sketch of a visit that he has made in behalf of the Unitarian Association to the schools superintended in Wilmington, N. C. by Miss Amy Bradley.

"The people of the South are startled at the amount of taxes already levied, so enormous in proportion to those paid before the war. And they indeed have a right to be indignant at the way in which much of it is appropriated by unscrupulous adventurers—the worst enemies our country knows—who in many cases have come into office and abused their power for selfish ends."

"Carpet-baggers" reverend and irreverend and their friends interested and disinterested, are respectfully invited to notice this declaration from a volunteer, yet every way capable sentinel.

COLUMBIAN COLLEGE, WASHINGTON, D. C.—The 48th annual commencement of this highly popular institution of learning, of the Baptist denomination, came off last week. The *Republican*, speaking of the College and the commencement says, "We are glad to know that the affairs of the College are in a prosperous condition, and the institution on the high road to permanent success."

Among the honorary degrees conferred at this commencement, was that of Doctor of Philosophy, (Ph. D) on our fellow-citizen, Willie J. Palmer, Principal of the D., D. & Blind Institute of this city, who is a graduate of the College.

Mr. Palmer also occupied a distinguished position on the platform, during the exercises, being chosen one of the judges to decide upon the orations of the contestants for the Davis prize medals, and afterwards to present the prizes awarded to the successful parties.

We learn that Mr. L. Froelich, of Duplin County, has consented to read an essay on the culture of the Grape and Wine making, before the State Agricultural Society, during the week of the next Fair.

Mr. F. has given these subjects a great deal of attention, and acquired a vast amount of information from actual experience, and will doubtless impart valuable knowledge on these subjects.

He has recently been engaged in preparing 800 acres of land to be set in grape vines this Fall for the Messrs. Garrett, near Enfield, N. C.

PRISON REPORT.—Dr. E. Grissom, Superintendent of the Insane Asylum of North Carolina, has laid on our table the 25th Annual Report of the Executive Committee of the "Prison Association of New York," for the year 1869.

The work contains over 500 pages and is filled with interesting statistical facts, in regard to the prison arrangements of the various States, progress of prison reform &c.

A Message to the Ladies.—It is not necessary to coat the faded fibers with filth, or to stain the skin, in order to renew in your blanching ringlets the intense hue of their prime. Why Do You Cough?

When it is in your power to relieve yourself; a few doses of *DR. TUTT'S EXPECTORANT* will cure you and allay the apprehensions of your friends; moreover, it is pleasant to take, it produces no nausea, and strengthens the Lungs and throat to resist attacks in the future. Mothers need not dread the Croup when they have a bottle of this valuable compound on their Mantlepiece.

Build up the System.

Strength evaporates fast at this season. This is especially the case with all who live by the sweat of their brow. From every pore of the sieve-like skin a moisture exudes which contains the elements of vitality. Thereby the blood is impoverished, the nerves relaxed, the muscles weakened the digestion impaired, the bowels disturbed, and the animal spirits depressed. The constant drain that produces these effects cannot be arrested, because it is due to the heat of the atmosphere; but the loss of the life-sustaining elements can be supplied by extra invigoration. Now, therefore, is the time to resort to Hostetter's Stomach Bitters, the most powerful and healthful of all vegetable tonics. Long experience has proved that nothing else will efficiently sustain and regulate the system, when wilting down under the double pressure of excessive heat, and constant physical or mental labor. All persons who have been tempted to try the local "tonics" (so-called) which have been started by cordial speculators in almost every town and village, with a view of "turning a penny" by the credulity of the weary, know this to their cost. It is a wise maxim that says "hold fast to that which is good." Of the forty millions of people in the United States prob bly one-fifth have tested the restorative properties of Hostetter's Bitters and know it to be a specific for dyspepsia biliousness nervous weakness, general debility, constipation, fever and ague, and want of appetite; that any of these should be persuaded to experiment with the worthless nostrums, recommended by unscrupulous and ignorant empirics seems almost incredible.

FIRE INSURANCE.—Everybody, married or single, should have their lives insured, so as to leave something behind them for their families. If a man insures his life when he is young, the premium is not near so much as when he gets older. Few people notice this, but keep putting it off until the premium is more than they care to pay, and then they do not insure at all. The longer you postpone it, the more it will cost you when you decide to assure; or your health may decline, and you may be unable to pass the required medical examination; or life may suddenly end. All we have to say to this: if you wish to assure your life in a good and reliable company, go to the Connecticut Mutual Life Insurance Company, SAMUEL DOUGLAS WATT, General Agent, opposite the Post Office.

WASHINGTON.

WASHINGTON, July 8.—Revenue 1841 000.

Ex-Attorney General Hoar has departed for home. The President departs of the 19th for a Sea mer residence, at Long Branch.

It is thought the President will convene the Senate in an extra session.

The Congressional Printer, Clap, is exonerated by the Senate from the charges prefered against him.

No important Southern appointments among those sent to the Senate to-day.

The House Judiciary Committee voted against McGarrahan's claim by a majority of 2.

SENATE.—The bill relieving the political disabilities of seventy-two Kentuckians, passed by a vote of 44 to 9.

The general disability bill was taken up. This bill contains about five thousand names. It was proposed to insert the name of A. O. P. Nicholson of Tennessee; objection was made and the name was withdrawn. Several names were stricken out and the bill then passed. A proposition to strike out the name of ex-Senator Reid Johnson of Arkansas, was negatived.

The Georgia bill was taken up by a vote of yeas 29, nays 5, when, with a view of preventing debate the Senate adopted a motion to nonconcur in the House amendments to the bill as it passed the Senate, and asked for a Conference Committee, by a vote of yeas 34, nays 27.

HOUSE.—The bill to pay bounty to the 1st Alabama cavalry and 1st. and 2nd. Florida cavalry, passed.

The bill to complete the Court House and Post office at Knoxville, Tennessee, passed.

The House went in o Committee of the Whole on the additional deficiency bill to pay expenses of the census and Department of Justice. An amendment was offered to pay twenty per cent. additional to employees of the House for the 39th Congress which provoked a discussion, in which Mr. Dawes declared that he would go to the country and tell the country that that party which is responsible for the expenditures of public money had refused to hold me responsible to the point of public economy. He had as much fidelity to the party as any living man, but he had more fidelity to the good of the country. There was something above party, and he intended that the country should know on whom the responsibility for extravagance rested.

An amendment was adopted appropriating $170,000 to pay loyal men in the South, who had assisted in taking the last census.

Bingham from the Judiciary Committee reported a bill to regulate the mode of determining the ratification of amendments to the Constitution. The first section makes it the duty of the Executive of each State, whose Legislature shall have ratified a proposed amendment, to certify forthwith such ratification to the Secretary of State of the United States. The second section makes it unlawful for any State officer to certify thereafter any repeal of such ratification, unless an amendment for the repeal shall have been first proposed by Congress, and directed the Secretary of State not to take a record thereof. The third section prescribes the penalty for an attempted repeal of such ratification by state authority as imprisonment from one to ten years, and fine from $2,000 to $10,000. The rule was suspended and the bill passed by a vote of yeas 125, nays 54

Bingham from the Judiciary Committee reported a joint resolution directing the Secretary of the Treasury to pay the lawful owners the net proceeds of all cotton seized after the 30th of June 1865. Such seizures having been made in violation of the injunction of the Treasury Department, and after the surrender of the rebel armies and the proclamation of amnesty.

Butler of Massachusetts, made a point of order, that the bill made an appropriation amendment and shall be referred to the Committee of the Whole.

The Speaker sustained the point and the bill was referred.

Of the fifty four millions of additional currency provided for by the act just passed, Virginia will receive as its proportion nearly $5,000 000; West Virginia nearly $500,000; Tennessee $1,333 333; Louisiana $5 433 000; Mississippi nearly $3 000 000; Georgia $4 666,000; North Carolina $4,000,000; South Carolina $4 266 000; Alabama $4,000,000; Texas $2,000,000; Arkansas 1,450,000; Florida $567,000.

FOREIGN.

PARIS, July 8.—No definite intelligence has been received from Prussia, but France will not be content with an evasive declaration of Count Von Bismark that Prussia ought in interest of the peace of Europe to withhold her consent for Hohenzollern to sit upon the throne of Spain.

From semi official journals, this morning, are gathered the following details touching the demand of the Prince of Hohenzollern: General Prim meant hostility when the Spanish Government notified the great powers of Europe of Hohenzollern's candidature on the 3rd July. General Prim advises Senor Olozaga, the Spanish minister here, that he, General Prim, had ordered Prince Leopold of Hohenzollern, and that the Spanish Ministry felt assured that the French Government would object to it, but that he depended upon the higher sentiment of the Emperor. This proves that General Prim is not to act without consent of the Emperor. Prince has communicated with other powers of Europe and in all cases has received words of sympathy. All she seeks at Berlin and Madrid is to prevent political complications. A dispatch recently warded to the Spanish Government by the Duke of Grammont, read to the public to-day, in which the Duke says, that France hopes Spain will renounce the only candidate for the throne who is altogether disagreeable. He recalls the service of the French Government in Spanish affairs by interdicting plots and arresting invading Carlists. He also urges the fact that France aided Spain in the establishment of the Provisional Government.

No answer has yet been received from Prussia since the declaration of the Secretary of Foreign Affairs in the Corps Legislatif a few days ago. On the morning of that day, however, a dispatch was received from Prussia to the effect that that Government knew nothing of the candidature of Prince Hohenzollern to the throne of Spain.

A report which seems well founded is in circulation here, that the Prussian Minister of War ordered all deserters officers of the Prussian army to join their Corps without delay.

MADRID, July 8.—The *Discussion* has an article on the throne question to-day, wherein it says that the Prince Hohenzollern's qualifications are indisputable; a beggar himself, he comes to rule a nation of beggars.

Saturday Evening Dispatches.

WASHINGTON.

WASHINGTON, July 9.—The Senate discussed the Chinese question. Sumner and Howard advocated their rights.

Pacific Senators urged the law forbidding their landing.

Howard, Hamlin and Thurman, are the Committee on the part of the Senate on the Georgia bill.

FOREIGN.

The Prussian Government disavows implication in Hohenzollern's candidature.

General officers in the Prussian army are ordered to rejoin their Corps.

France has received reassuring dispatches from most of the great powers.

Two Corps of the French army are ready for movement. Naval preparations are going forward actively.

Montpensier opposes Hohenzollern.

A demonstration will be made in Madrid on Sunday against all Foreign candidates.

Intelligibility will be proclaimed on the 17th inst.

The House of Lords passed the Irish land bill.

The House of Commons informally commented upon the Prussian delay in answering France. The opinion is frequently expressed that the delay threat mischief, if not a more dangerous purpose on the part of Prussia.

Austria journals say that Austria will not interfere in the Franco-Prussian complications.

That if you don't stop smoking PINK HARDIE'S Cigars, they will have to quit business. Why? Because everybody that smokes his Cigars keeps in such good humor that there is no possible chance of their getting sick. THE EQUITABLE

HAS BECOME THE LEADING COMPANY OF THE WORLD.

Its New Business (sum assured), for the year 1869, exceeded that of the second company in rank by more than THIRTEEN MILLION DOLLARS.

In 1860 it was the 9th Company in new business for the year; in 1861 it was the 8th; in 1862 and 1863, the 7th; in 1864 and 1865 the 6th; in 1866, the 4th; in 1867, the 3d; in 1868, the 2nd;

In 1869 it was the FIRST.

The insuring public should not allow itself to be deceived with regard to the term "Annual Dividends." Many companies using this expression mean that their dividends are "annual" AFTER THEY CEASE BEGIN TO PAY THEM AT ALL; but they DO NOT BEGIN TO PAY until the settlement of the third, fourth, or fifth premium.

One hundred Dollars paid 1. dividends, at the end of *one year*, and each year thereafter, equals FOUR HUNDRED AND THIRTY-SIX DOLLARS paid at the end of FOUR YEARS, interest at six per cent.

Applications for Assurance may be made to any of the Society Agents throughout the country, or in person or by letter to the General Agents.

Gentlemen of character desirous of forming a connection with the Society as Agents are invited to communicate with its General Agents.

Special Notices.

This Valuable Family Medicine has been widely and favorably known in our own and foreign countries upwards of

THIRTY YEARS!

It has lost none of its good name by repeated trials, but continues to occupy a prominent position in every family medicine chest.

It is an External and Internal Remedy. For Summer Complaint, or any other form of bowel disease in children or adults, it is an almost certain cure, and has without doubt, been more successful in curing the various kinds of cholera than any other known remedy, or the most skilful physician. In India, Africa and China, where this dreadful disease is more or less prevalent, the Pain Killer is considered by the natives, as well as European residents in those climates a sure remedy; and while it is a most efficient remedy for pain, it is a perfectly safe medicine, even in unskillful hands. Directions accompany each bottle.

Sold by all Druggists.

NON-EXPLOSIVE COMBINATION BURNING FLUID

THE CHEAPEST, BEST AND SAFEST ILLUMINATING AGENT IN THE WORLD!!

No more Exploded Cans!—No more Exploded Lamps!

No more Smoke!—No more Grease!

No more Fires!!

EVERYBODY PREFERS IT AFTER GIVING IT A TRIAL!

IT costs less!—It lasts longer!—Gives a more Brilliant Light!—May be burned in halid lamps, without chimney.

Guaranteed to make a better and safer Light than Coal Oil and to be NON-EXPLOSIVE!!!

No accidents have ever happened with it.

Protected by Copy right for 28 years from May 8th 1868.

The above Fluid has been in constant use for upwards of three years, and has sustained its unrivalled reputation, as a brilliant, non-explosive illuminating agent, though subjected to the severest tests. Being universally conceded to be superior to Kerosene or Coal Oil. It makes a better light and more of it, than any other illuminating compound. Soft, clear, steady and unirritative to the eyes. All that is asked is, a fair and impartial trial.

Among the numerous testimonials received read the following:

PHILADELPHIA, March 15th, 1869.

The undersigned, having witnessed the experiments of Messrs. Hale & Co., with their Combination Burning Fluid, take pleasure in commending it to the public. The various tests to which the Fluid was subjected, was in the highest degree satisfactory. We have no hesitation in pronouncing it to be a *safe and brilliant* illuminating agent. Its cheapness added to its other good qualities, should insure its introduction into *every family* in the country, where Kerosene Oil is used.

A. BALDING'S

PATENT GLASS SUBMERGED

DOUBLE-ACTING FORCE PUMP.

SUBSTITUTE FOR A FIRE ENGINE.

THIS Pump will pump 30 gallons of water per minute, will never cut out the packing, has no friction, no water ever stands in its pipes to freeze, and is less liable to get out of order than any other pump now used. It can be set up in a short time by any ordinary mechanic.

The No. 3 pump for yard wells will be sold at from $20 to $30, capable of throwing 20 gallons of water per minute. The price of No. 2 for railroad stations throwing 6 gallons per minute, will be given upon application.

Having the exclusive right to this pump for the states of North and South Carolina, and having established a factory for the manufacture of them at Wilson, N. C., I will receive orders for them at Wilson, and will ship them by Express C. O. D., or if the money is sent me, by the regular freight. The number of feet to the depth of the well must be given in all cases

MR. J. L. KITCHIN:

DEAR SIR.—We certify that the "Balding Pumps" put up by you in the town of Scotland Neck are a perfect success. They pump very rapidly, and by attaching hose, will throw water from 40 to 60 feet and would prove invaluable in case of fire.

POLICIES VALUABLE IN LIFE, AS WELL AS AT DEATH!!

THE BROOKLYN LIFE IS THE ONLY COMPANY IN AMERICA, WHICH GUARANTEES

DEFINITE CASH SURRENDER VALUES,

IN CASE A POLICY IS FORFEITED FOR NON-PAYMENT OF PREMIUM.

The BROOKLYN LIFE enjoys the highest reputation *for judgment of investment, economy of management, and skill and care in the selection of risks*, upon which elements of administration the security of a Life Insurance Corporation *depends*.

The laws of New York compel Companies in that State to calculate the Cash value of their Policies, each and every year, *and a certain legal standard of reserve* and accumulation must be held by the Companies to meet all their liabilities.

Insurers in looking around for Companies in which to insure, should carefully look for this important safeguard. It will be found in the BROOKLYN LIFE.
